

Professional Letters and Documents

Prepared for: Tanishka Rajput

1. Cover Letter

To: Shubham152Info@gmail.com

Subject: Application for Entry-Level Data Analyst Position

Dear Hiring Team,

Please accept this letter as my formal application for the Data Analyst role at your company. I hold a Bachelor of Computer Applications and am currently expanding my skill set through a comprehensive Data Analytics program at TOPS Technologies. I have a strong drive for uncovering patterns in raw data and converting them into meaningful business insights. My technical toolkit includes proficiency in Python, SQL, Excel, Power BI, and Tableau. Recently, I gained hands-on experience as a remote Data Analyst Intern at Elevate Labs, where I was responsible for data cleaning and the design of interactive visual reports. In addition, a previous Software Development internship at Bluestock taught me valuable lessons about web development and working effectively within a team.

To put my learning into practice, I developed a "Portfolio Optimization" web application. Using Python, Django, and MySQL, I built a platform that fetches real-time financial data and translates it into interactive charts, helping users make smarter financial decisions.

I am highly adaptable, eager to learn, and love tackling data challenges. I am confident that my background and enthusiasm make me a strong candidate for your team.

I have attached my resume for your review. Thank you for considering my application. I hope to speak with you soon.

Sincerely,

Tanishka Rajput

2. Portfolio Introduction

Tanishka Rajput – Data Analytics Portfolio

Hello and welcome! Thank you for visiting my portfolio.

I am a dedicated Data Analyst who thrives on organizing messy data and turning it into compelling visual stories. My academic background includes a Bachelor of Computer Applications, and I am currently sharpening my analytical abilities at TOPS Technologies. This portfolio showcases my practical experience with tools such as Python, SQL, Excel, and Power BI. Here are a few key highlights of my work:

- **Industry Power BI Dashboard:** Chosen to participate in a special Industry Mentorship Event at TOPS Technologies, I successfully designed a complex Power BI dashboard aimed at improving data-driven decision-making.
- **Portfolio Optimization Platform:** I independently engineered a web application using Python and Django. This tool processes live financial data and generates interactive visualizations (like scatter plots and pie charts) to give users a clear view of their investments.
- **Professional Internship:** As a Data Analyst Intern at Elevate Labs, I learned how to handle real-world business data, specializing in data cleaning and daily reporting.

I am constantly looking for new ways to solve problems using data. Please take a look at the projects below to see my work in action.

If my skills align with what you are looking for, I would be delighted to connect!

Best regards,

Tanishka Rajput

3. Recommendation Letter

To: Shubham1502@gmail.com

Subject: Recommendation for Tanishka Rajput (Data Analyst Position)

Dear Shubham,

It is with great pleasure that I recommend my sister, Tanishka Rajput, for the current Data Analyst vacancy at our company.

Tanishka has an exceptional work ethic, which I have witnessed firsthand. She holds a Bachelor of Computer Applications and is furthering her expertise through TOPS Technologies.

Professionally, she proved her capabilities during a remote internship at Elevate Labs, where she was in charge of daily data processing and creating visual reports.

Her technical skills are very strong, covering Python, SQL, Excel, and Power BI. She is also highly proactive, having independently developed a live Portfolio Optimization web app and a specialized Power BI dashboard.

Being a part of this organization, I understand the standards and collaborative spirit required to succeed here. Tanishka is a fast learner, highly motivated, and an excellent team player who would seamlessly integrate into the team.

I have attached her resume for your consideration. Please feel free to reach out if you need any additional details.

Best regards,

Shubham Chavan

4. Experience Certificate Letter (Email Submission)

To: Shubham1502@gmail.com

Subject: Experience Certificate Submission – Tanishka Rajput

Dear Shubham,

I am writing to formally provide details of my internship experience. I served as a Data Analyst Intern at Bold Analyst from June 2026 to July 2026.

Please find my official experience certificate attached to this email for your records.

During my time with Bold Analyst, my core duties included:

- Executing daily data analytics tasks within a shared team environment.
- Cleaning and structuring raw datasets to prepare them for deep analysis.
- Designing easy-to-understand data visualizations and progress reports.
- Maintaining daily updates on GitHub, including task tracking, code files, and final documentation.

This role gave me complete exposure to the data pipeline, from raw data extraction to final visualization.

Kindly review the attached document, and let me know if any further information is required.

Best regards,

Tanishka Rajput

5. Letter of Interest

To: Shubham1502@gmail.com

Subject: Inquiry Regarding Data Analyst Positions – Tanishka Rajput

Dear Hiring Team,

I am reaching out to express my keen interest in exploring potential Data Analyst opportunities at Infosys Pvt Ltd. I have been following your recent projects and am incredibly inspired by the company's trajectory in the market.

I have a Bachelor of Computer Applications and am undergoing professional Data Analytics training at TOPS Technologies. My skill set is firmly rooted in tools like Python, SQL, Excel, and Power BI.

I recently wrapped up a remote Data Analyst internship at Bold Analyst, focusing heavily on data cleansing and visual reporting. Additionally, I am passionate about building my own projects. I successfully created a real-time Portfolio Optimization web application in Python, as well as a comprehensive Power BI dashboard during a specialized mentorship event.

I understand you may not be actively hiring for a Data Analyst right now, but I would be honored to be kept in mind for future openings.

My resume is attached for your convenience. I greatly appreciate your time and hope we can connect in the future.

Best regards,

Tanishka Rajput

6. Follow-up Letter (After Interview)

To: Shubham1504@gmail.com

Subject: Appreciation for Interview – Data Analyst Role

Dear Shubham,

I am writing to thank you for the wonderful conversation we had yesterday regarding the Data Analyst position. It was a pleasure learning more about the internal team dynamics and the vision of Infosys Pvt Ltd.

Our discussion has only increased my excitement for this role. I am certain that my background in Python, SQL, and Power BI, combined with my recent internship experience, would allow me to contribute positively to your team right from the start.

If you need any extra references, work samples, or documentation to help with your hiring decision, please let me know.

Thank you once again for the opportunity. I am looking forward to your update.

Best regards,

Tanishka Rajput

7. Acceptance Letter (Job Offer)

To: Shubham1504@gmail.com

Subject: Offer Acceptance: Data Analyst – Tanishka Rajput

Dear Shubham,

I am absolutely delighted to accept the Data Analyst position at Infosys Pvt Ltd. Thank you for extending this fantastic opportunity to me.

As we agreed, my official start date will be September 1, 2026. I have reviewed, signed, and attached the official offer letter to this email.

Kindly inform me if there are any additional forms or onboarding steps I need to complete before my first day in the office.

I cannot wait to meet the rest of the team and begin contributing to the company's success.

Best regards,

Tanishka Rajput

8. Declination Letter (Job Offer)

To: Shubham1504@gmail.com

Subject: Job Offer Update – Tanishka Rajput

Dear Shubham,

I want to express my sincere gratitude for offering me the Data Analyst role at Infosys Pvt Ltd. I truly enjoyed meeting you and your team during the interview stages.

After careful deliberation, however, I must respectfully decline the offer at this time. I have chosen to accept another position that aligns slightly better with the specific career path I am targeting right now.

This was not an easy choice, as I was deeply impressed by the culture and the exciting projects at Infosys.

Thank you again for your time, patience, and the generous offer. I wish you and the organization the absolute best.

Best regards,

Tanishka Rajput

9. Leave-of-Absence Request Letter

To: Shubham1504@gmail.com

Subject: Application for Leave – Tanishka Rajput

Dear Nilam,

Please consider this email as a formal request for a 10-day leave of absence, starting from August 14, 2026, and ending on August 24, 2026.

I will be traveling out of town to attend a close family member's wedding. To ensure that my absence does not disrupt the team, I will wrap up all critical tasks beforehand. Furthermore, my colleague Sushil has kindly agreed to cover my daily data analysis duties while I am away.

I will be back at work on August 25, 2026, and will try to check my email for any absolute emergencies during my leave.

Thank you for considering my request.

Best regards,

Tanishka Rajput

10. Resignation Letter

To: Shubham1505@gmail.com

Subject: Formal Notice of Resignation – Tanishka Rajput

Dear Shubham,

This letter serves as formal notice that I will be stepping down from my role as a Data Analyst at Infosys Pvt Ltd. My final working day will be September 10, 2026.

I have recently been offered an opportunity to work as a Senior Data Analyst elsewhere. After a lot of thought, I have decided to accept it to further my career growth.

I want to extend a massive thank you to you and the rest of the team. My time here has been an incredible learning experience, and I will always be grateful for the mentorship and support I received.

Over the next few weeks, I will dedicate my time to finishing up my current projects and thoroughly handing over my daily responsibilities to ensure the team faces no disruptions.

I wish you and Infosys Pvt Ltd immense success in the years to come.

Best regards,

Tanishka Rajput
